

ISP & domain services

Slug: isp-domains | Category: isp

Summary

BusinessSite ISP services: check domain availability, register via Porkbun, renewals, DNS/mail setup, and link domains to your eShop or web channel.

Guide

BusinessSite ISP - domains

Register and manage .online and other domains (Porkbun) linked to your profile / eShop.

Commands

- setup my domain - start domain wizard (exit with stop)
- check domain example.online / is example.online available
- buy domain / register domain - pay and register
- confirm domain - confirm choice
- skip domain - continue without custom domain
- my domains - list orders and status

Renewals

Expiring domains can create renewal quotes automatically (Porkbun webhooks). Pay the renewal link from chat or admin Domain orders.

DNS & mail

After registration, DNS can point to BusinessSite hosting and Mailcow mailboxes. Admin: Domain orders · Platform mailboxes.

Chat commands

setup my domain · check domain · buy domain · register domain · confirm domain · skip domain · my domains · renew domain

Exit multi-step flows

Say STOP or CANCEL or EXIT at any time. Say CONTINUE to stay in the current wizard.
